

AFF Aerosol Can Arranging Machine

Aircraft in the explosion-proof motor driven aerosol cans will be automatically collated by the transmission line in order to walk, there will be no squeeze cans, block cans and inverted cans. you can adjust the speed as you like.

Technical Parameters

Model	AFF
Stainless steel plate	1.2mm thick 304 GB
Production capacity	2400-3600 cans/hr
Explosion-proof motor power	0.75kw
Air source	0.6Mpa-1Mpa clean and stable air source
Max air consumption	0.2 M ³ /min
Can Height	80~330
Can Diameter	Φ35~Φ80
Weight	About400kg
Dimension(L×W×H)	1500×850×980
