

MT-60 Semi-Automatic Desktop Flat Labeling Machine

The MT-60 Semi-Automatic Desktop Flat Labeling Machine is the definitive, cost-effective solution for achieving pristine labeling quality on non-cylindrical and challenging containers. It is specifically engineered to handle the demands of the Daily, Personal Care, Food, and Cosmetic industries, where a flawless finish is paramount.

This versatile machine excels at applying adhesive labels to a wide range of products, including:

- **Square bottles**
- **Small cartons and boxes**
- **Cylindrical containers**
- **Small conical taper containers**
- **Top surface applications**

Technical Parameters

Model	MT-60
Voltage	110/220V 50/60HZ
Power	40W
Dia of Bottle (Max)	20-180mm
Width of Label	20-160mm
Length of Label	20-80mm
Speed	10-15 Pcs/min
Machine Size	660x340x445mm
Weight	35kg
