

SB-X20 Automatic Sachet Tidying & Box Packaging Machine

Align, count and stack finished sachets before loading them into tuck-in paper cartons. SB-X20 brings these handling steps together in a compact horizontal cartoning unit.

Counted sachets in a tuck-in paper carton

The quoted handling rate is in sachets per minute. Finished carton output depends on the sachet count, carton format and actual line conditions.

Specifications

Maximum sachet handling rate	130 sachets/min
