

PGT-250 Bottle Labeling Machine

Features:

1. Full stainless-steel cover, no rust and water-proof.
2. Single positioning type central guide pillar, more stable for label sending.
3. Synchronous bottle separating mechanism, bottle conveying is more stable.
4. Synchronous label brush down, the calibration accuracy is more accurate.
5. Label control sensor, unique combination of tail and sensor, Higher cutting accuracy.
6. Button type control box, touch screen is more concise.

Technical parameters:

Model	PGT-150	PGT-250
Voltage	3Phase 220V/380V 50Hz	3Phase 220V/380V 50Hz
Power	1.5KW	1.5KW
Standard capacity	150-180 bottles/min	250-300 bottles/min
Bottle Diameter	φ28-125mm	φ28-125mm
Label length	30-250mm	30-250mm
Label thickness	0.03-0.13 mm	0.03-0.13 mm
Paper tube diameter	5-10"	5-10"
Machine size	2100* 850*2000mm	2100* 850*2000mm
