

K150B-S Automatic Sachet Vertical Packing Machine

K150B-S Automatic Sachet Vertical Packing Machine is specially designed for small particle products automatic weighing & bag form fill seal at high speed. This machine unit adopt back sealing knife style for small sachet packaging.

Features:

Adopt stepping motor control, more precise bag forming, length accuracy 1mm. Pre-set cutter device can make chain bags with perforation cutting, and cut off every 6 or 12 pcs. According to client's requirement.

Specifications:

Model	K150B-S
Packing Speed:	55-100BPM
Sealing Type:	Back Knife Seal
Weighing Range:	1 – 50 ml
Bag Size Range:	30-85mm (W) x 50-115mm (L)
Power Supply:	Three phases four wire 220V50HZ (injection 4) 1.84KW
Machine Weight:	230KG
Film Material:	Various composite membrane packaging materials

Options:

- Infeed & outfeed rotary tables
- Coding machine for data/batch printing
- Infeed conveyer
