

Powder Filling Machine FX-F01

This machine is easy to operate by PLC touch screen. It is mainly suitable for packing powdery and micro powdery materials, such as flour, sugar, xylitol, milk powder, pesticide, veterinary medicine, dye, chemical agent, food seasoning, additive, enzyme preparation, etc.

Technical Parameters:

Model	FX-F01
Voltage	AC 380V/50HZ
Power	1kw
Filling range	10-5000g
Filling speed	1200-2500 bags/h
Accuracy grade	1.0 grade
Machine size	690X1060X2000mm

Technical parameters of Screw Conveyor:

Model	FX-01
Voltage	AC 380V/50HZ
Power	1.5kw
Conveying height	1600mm(Can be customized)
Conveying speed	3m ³ /h
Hopper volume	118L
Hopper size	880×850×810mm
Weight	80kg
