

## SP-300 Multi-Layer Deduster

SP-300 deduster was made according to the principle of electromagnetic oscillation and ladder, V-Shape design, make tablet polished fully, powder collected more thoroughly and without static electricity.

### Main Technical Data

Model	SP-300
Output Efficiency(tablet/h)	0-750000( $\varphi 8$ )
The Gumming Distance of Table(m)	3
Power	220V/50Hz 0.6A
Idle load noise dB(A)	$\leq 60$ (dB)
Diameter Height(mm)	$\varphi 350 \times 800$
Weight (kg)	38
