

Automatic Two Sides Labeling Machine NLT-4252

Automatic Top Labeler NLT-4252 with two label applicators on one conveyor. Automatic top labeler NLT-4252 can be widely used in flat products, such as plastic bags, DDR, aluminum foil, etc. It can meet high production.

Features:

1. Apply two different labels applicators on the top of plane product. Make production more efficiently.
2. Labeling height and angles are adjustable.
3. Can be connected with production line.
4. Controlled by PLC system with touch screen, easy to read and set information.
5. No repositioning or timing adjustment is necessary when changing bottles size.
6. Conveyor belt can be customized.
7. Emergency button for safety.
8. Heavy-duty cabinet basement with casters: easy to move.

Specification:

- Labeling speed : 30~60 pcs/ min
- Label size : (L) 10-300 mm × (W) 10-100 mm
- Label reel : Inner diameter: 75 mm / Outer diameter: 300 mm
- Accuracy : ± 1mm
- Voltage : 110 or 220

Option Accessories:

- Date coder
- Passive top belt (for thin products)
- Transparent label sensor
