

Candy Automatic Packing Machine

Uses: Can be suitable for circular, rectangular, square, cylindrical toffee, toffee, pouring hard candy, pressed candy and other bulk materials pillow packaging.

Features:

- Computer programming, photoelectric automatic tracking.
- Touch screen plus servo motor control systems.
- Frequency control, stable operation.
- Reversible outside candy dish, so that the empty package rate is greatly reduced.

Technical Parameters:

Production capacity	"800 / min
Packing	Long (45-80,60-110) (mm)
	Width 16-35 (mm)
	thick 6-12 (mm)
The maximum film width	140mm
Total power	3.5Kw
Dimensions	(L * W * H): 3800 * 1350 * 1450 (mm)
Weight	980Kg
Power supply	AC220V
