

ZP-A Auto Filling and Sealing Machine

Our plant research and develop automatic cover-making, filling and Sealing Machine with different specification filling pumps. The machine is suitable for filling different viscosity beverage and paste products. For example, sucking jelly, milk, jam, juice etc. The machine can equate with PLC and touch screen control.

Technical parameters:

参数 Parameter 型号 Model	包装速度(瓶/小时) Packing speed (bottle/h)	充填容器 (ml) Filling capacity	使用电源 Power using	主电机功率 (kw) Main motor power	制盖电机功率 (kw) Cover-making motor power	输送带电机功率 (w) Conveyor belt motor power	加热装置 (kw) Heating equipment approx	使用气压 (Mpa) Air pressure	最大耗气量 Max air consumption
ZP-A	2800-3200 个/h (Pcs/h)	0g-300g (可调 adjustable)	三相四线 3phase 4 lines (380V 50HZ)	0.37	0.75	80	2kw	0.5-0.7	0.45m ³ /min (外接气源 external air source)
