

Filling Machine 5L Bottles TOKKING18-12-6

Product Description

1. Filling products: water
2. Bottle Volume: 250ml-3500ml
3. Cap shape: plastic screw cap, twist off cap, three screw cap
4. Bottle material: PET bottles, glass bottles
5. Producing capacity: 1000BPH to 18000BPH
6. Our machine rinsing, filling, capping automatically

Feature:

1. Machine Material: SUS304 or SUS316
2. PLC Controlled English edition MMI
3. Centre filling valve adopted to ensure max. filling flow and min. bottle distortion
4. Filling speed adjustable
5. CIP system connected directly for tank and filling valve cleaning
6. Also can be used for filling mineral water, super water, grape wine, soy sauce, vinegar, etc.

Technical Parameters

Model:	TOKKING18-12-6	TOPKING18-18-6	TOPKING24-24-8
Capacity (500ml based)	3000-4000BPH	5000-6000BPH	8000-10000BPH
Suitable bottle:	PET bottle or Glass bottle		
PET bottle: (mm)	(Bottle Diameter): $\phi 50\text{-}\phi 110\text{mm}$ (Height): 150-310mm		
Suitable cap specification	Plastic screw cap		
Filling precision:	$\leq \pm 5\text{mm}$		
Filling pressure:(Mpa)	$\leq 0.4\text{MPa}$		
Machine power	5.68	7.68	9.18
Machine size:(mm)	4000*3500*2100	2230*1830*2250	2600*2200*2250
Weight: (kg)	2800	3000	4200
