

## *Double Twist Packing Machine for Hard Candies JH-S800*

Wrapping machine for hard candies in double twist wrap. The machine is suitable to wrap dies-formed or deposited sweets of round, oval or oblong shapes. Sweets with semi-liquid centers can be handled without problems. The JH-S800 is able to be equipped with a sorting station to eliminate sugar dust, chips and broken pieces. An efficient feeding is achieved by the approved plate feeding system. The machine is provided for the use of one wrapping material.

### **Special features:**

- PLC control
- Saving of wrapping material by "no product – no paper" device
- Infinitely variable adjustment of the twist gripper oscillation
- Quick and simple size change by a few adjustments only
- Quick settle and feed product to gripper by two-ways rotating disc
- Pneumatic core locking and reel tensioning devices
- Separate switch cabinet
