

KLK-60 Grain Auto Packing Machine

FEATURE

1. The machine is featured with compact structure, durable, logical design and precise.
2. It adopts Photocell control system, and is featured with reliable, stable performance.
3. It can finish all processes automatically, such as measuring, filling and bag making, date stamp and goods output.

Specifications

1. CE certification
2. PLC & HMI
3. Easy operating
4. Adopt double frequency conversion control

OPTIONAL PARTS

1. HOT PRINTER
2. BATCH CUTTER
3. TOUCHABLE SCREEN

Specifications:

Machine model	KLK-60
Metering method	10-200ml
Filler type	Grain counting plate
Bag size	L:30-150 W:25-100 MM
Packaging speed	40-60bag/min
Power	1200W
Shape of sealed bags	3 edges sealing, 4 edges sealing
Weight	225kg
External	(L) 640mm x (W) 700x (H) 1580mm
