

Automatic Powder Packing Machine VL450

It (automatic packing machine) is a quad bag type vertical form fill seal packing machine for food, and a wide variety of other products, such as coffee, tea, etc, creating the beautiful bag shape with 4 edges sealing.

Features:

- Panasonic PLC control system and humanized interface easily operate for multi functions, like weighing, forming, sealing and printing
- Well matched with multi-head weigher, auger filler, cup dozing filler
- Film pulling system controlled by servo motor(automatic powder packing machine)
- Design and manufacture meet the standards of CE Safety Regulation
- Meet the customers' demand of small pouch with or without gusset

Technical Parameters:

Model	VL-450
Packing speed	10-60 bags/min (determined by actual products)
Film width	180-450mm
Films	Laminated film, PE film
Bag style	Pillow bag, flat bottom gusset bag
Bag width	80-215mm
Bag length	80-300mm, max.600mm with twice pulling

Vertical seal width	8-20mm
Power	2.5kw, 220v, 50Hz
Air consumption	0.4m ³ /min, 0.6MPa
Dimensions	1250*1000*1680mm
Construction	Frame, electric cabinet and food contact parts are made of SUS304
Options	Euro hole punch/ round hole punch device
	Chain bag device
	Tear notch device
	Bag support
	Gusset device
	Gas flush
	Bag deflector
	Printer
