

## *Double Sides Labeling Machine*

Fully automatic double sides self-adhesive labeling machines especially used in single or double side label sticking, the whole machine is using 304 stainless steel and aluminum alloy made, PLC program control, photoelectric inspection, label sending, label sticking. Label sticking is accurate and smooth, operation maintenance is easy, it can be used to attach with the filling production line in a whole set.

### **Application:**

Widely used in Food, Joys, Chemical, Electric, Medicine, Plastic, and Cosmetic industries etc.

### **Advantages:**

The whole machine adopts imported servo control system, make the machine running on the stable and high speed.

### **FEATURES**

- ✓The machine adopts 304 stainless steel and aluminum alloy material.
- ✓The whole machine adopts imported servo control system, make the machine running on the stable and high speed.
- ✓Advanced affinity touch human-machine interface, easy operation, complete function, has the rich online help function.
- ✓Use of the world's famous brands imported electrical components, ensure that the machine is stable, reliable.
- ✓The belt conveyor, stable, reliable guarantee the delivery of materials.
- ✓Conveying and automatic labeling speed synchronous tracking, make the adjustment is more quick and easy operation.

- ☑ Automatic sensor detection, to have any label and without the automatic stop and alarm automatic detection function, prevent leakage and waste.
- ☑ Before and after Duan Kexuan connection line, also have optional receiving platform, is advantageous for the finished product collection, sorting and packing.
- ☑ Optional configuration(ribbon printer) can print production date and batch number online, reduce the bottle packaging process, improve production efficiency.

## TECHNICAL PARAMETERS

Product Name	Double Side Labeling machine
Power Supply	AC220/380V;50/60HZ
Power	2.5KW
Machine Size	3000*1500*1500mm
Capacity	About 35 barrel/minute
Weight	450KG
Suitable bottle	Customized
Usage	Liquid Packaging
Max Capacity	2000BPH
Bottle type	PET Glass Metal Bottle
